## DIETZ KEROSENE LANTERNS The STANDARD of the WORLD!

Since 1840 — DIETZ LANTERNS have maintained an unmatched leadership in design and performance. Notable features are "Streamline" appearance — all parts curved to spill off wind and weather, broad non-tip base. Control of flame permits abundant or low portable light without diminishment or failure to last drop of kerosene. Cold-rolled coated steel, handsome metallic Raybaked Enamel Finish, for durability and appearance. Long burning.

*DIETZ also offers complete line of Ruby Globe Contractors Lanterns, Highway Torches, Railroad and Special Service Lanterns.*

## DIETZ ELECTRIC COMET LANTERN

Battery operated reproduction, with big, year round toy and gift appeal — also decorative qualities. Safe for the little folks yet handy in a "lights-out" emergency. To be advertised in **LIFE** in four colors.

The DIETZ Electric COMET is a rapid turnover, non-seasonable item — that is really hot. Order through your jobber.
